The Aberdeen Test Center is part of the U.S. Army Test and Evaluation Command, a direct reporting unit to the Department of the Army. ATEC plans, integrates and conducts experiments, developmental testing, independent operational testing, independent evaluations and assessments to provide essential information to acquisition decision makers and commanders. ATEC ensures our Soldiers' equipment is safe, suitable, works with existing Army systems, and that it will survive and perform in the harshest of climates. To learn more, visit www.atec.army.mil.
