MEDIA ADVISORY

IMMEDIATE RELEASE

Testing events to be conducted on APG

ABERDEEN PROVING GROUND, Md. – The U.S. Army Aberdeen Test Center, U.S. Army Test and Evaluation Command, located here plans to conduct several large detonations on or about May 1 through May 10. These operations are likely to generate sound and/or vibration outside the installation boundary. If weather conditions are not favorable in minimizing noise off the installation, firing will be rescheduled.

The U.S. Army Aberdeen Test Center, a test center under the U.S. Army Test and Evaluation Command, provides test and test support services for authorized customers, within the Department of Defense and outside the DoD, including government and non-government organizations, both foreign and domestic. ATEC plans, conducts, and integrates developmental testing, independent operational testing, independent evaluations, assessments, and experiments to provide essential information to decision makers.

Please direct any questions to 410-278-1147 or 800-688-8705.
